Under Japanese health regulations, this form MUST be submitted by all exhibitors who offer visitors sample food tasting. Full precautions must be taken, and any necessary equipment provided, to ensure absolute hygiene. In case you are willing to cook, the authorities may demand for hand washing and utensil sterilization in booth.

- * An application is required even when distributing items directly without opening the packaging or containers.
- * When distributing individually packaged food items for takeout, please distribute them with the food labels attached.
- * If you are feeling unwell, do not handle food processing or distribution.
